SUMMARY

Passionate and detail-oriented IT graduate with hands-on experience in full-stack web development using JavaScript, HTML, CSS, ReactJS, Node.js, and MySQL. Demonstrated leadership as Project Leader and Lead Developer in a capstone project, delivering a real-time cashier queuing system with voice notification and live monitoring. Also experienced in IT support, handling hardware/software troubleshooting and providing clear technical solutions. A quick learner, collaborative team player, and highly adaptable to new technologies and tools.

SKILLS

Technical Skills:
- Web Development: HTML, CSS, JavaScript, ReactJS, Node.js, MySQL
- IT Support: PC Troubleshooting, OS Installation, Reformatting, System Maintenance
- **Tools & Libraries:** Git, GitHub, Express, Cloudinary, WebSocket, Nodemailer, Multer, JSON Web Token (jsonwebtoken), Cookie-Parser

Soft Skills:
- Fast learner and eager to learn new technologies
- Strong problem-solving and critical thinking
- Effective communicator with technical and non-technical audiences

PROJECTS

Capstone Project – Project Leader & Lead Developer
Cashier Queuing System with Voice Notification and Live Monitoring
(ReactJS, Node.js, MySQL, JavaScript, HTML, CSS)
- Developed a real-time cashier queuing system with voice announcements, live queue monitoring and admin dashboard monitoring.
- Led the development team, managed tasks, and coordinated project milestones.

Bank Application (Nodejs, MySQL, JavaScript, HTML, CSS) https://tcultivator.github.io/LoginSystem-with-httpOnly-Cookie-and-JWT/loginPage.html
Calculator (JavaScript, HTML, CSS) https://tcultivator.github.io/Calculator/
Todo List App (JavaScript, HTML, CSS) https://tcultivator.github.io/todolist/
BMI Calculator (JavaScript, HTML, CSS) https://tcultivator.github.io/BMI-Calculator/
Job Application Manager (Nodejs, MySQL, JavaScript, HTML, CSS) https://tcultivator.github.io/Job-Applying-Manager/
Mp3Player (JavaScript, HTML, CSS) https://tcultivator.github.io/MP3PLAYER/
